rereship/resend When the product cannot pass customs, is stuck or confiscated, USPS does not provide re-ship. FedEx/DHL provides re-ship.

If you receive a product without a test report, it is recommended to wait for the test results before using it. If there are any problems, it will be more convenient for me to refund or replace it to avoid adverse consequences.

Please note that if the powder's appearance is damaged due to transportation vibration or other reasons, we do not provide any refund or replacement. We only guarantee the purity and actual content.

If you have any questions about product quality or need a replacement, we only recognize the test results from Janoshik. If there's an issue, we'll refund the testing fee and won't accept any test results from any other testing agency
